If the certifications on January 6 officially certify Biden, Trump will enact the Insurrection Act. If the certifications go to Trump it will be a wild party on January 6.

▼ Pretty sure you want to be in official Military Uniforms or MAGA gear if you're in the area on the 6th. PBs hopefully don't blend in with the black too much. Add some Red, White and Blue to the Black and Yellow to make sure and not be mistaken for any of those Antifa and BLM fucks.

▼ Aye. Don't dress like anything that could be mistaken for atnifa/blm.
US/Gadsden flag patches, camo, plate carriers etc

▼ No, this is Trump threatening them to do the right thing. They fuck up, then we right their wrongs. Simple as that. This is the Rubicon.

Trump will invoke insurrection if they do the wrong thing. The Die has been cast.

▼ yep, there is still over 2 weeks to see what further information comes to light, he is still exposing the swamp and putting an enemy army on their front door step at their final chance to come good, at their most vulnerable moment. Be ready, if you were not already born that way.

then, I do expect to see at least one state and probably more flip. I could easily see Kemp (who attended the White House Christmas party today) having his arm twisted to call that special session to decertify the election because he sees that without it, he will be in prison (maybe with it he will be in prison too) and that would take out Georgia and 16 votes. Arizona is very close to flipping because of the fraud - think Kelly Ward's "sample" that stopped why? Maricopa ignoring the subpoena why? Wisconsin Supreme Court gave the Trump campaign the path - find enough illegal votes cast as "Immobilized" well documented and the 10 from Wisconsin are gone. Add them up $16+11+10 = 37$ and $232+37 = 269$ and Trump and Biden are now tied (as a minimum) and then we go to the US House where the GOP has 27 states (minimum) and Dems have 20 plus 3 ties. That is assuming that none of the court cases in PA and MI have nothing happen and those two are the most screwed up with the most massive fraud. Lots of ways to go and plenty of time to do it without the IA.

1 So , wait a minute , his party will vote against him and he will enact the Insurrection Act???? How is he going to do this? He will be seen as a dictator

2 Exactly, Trump already is a "dictator" in the media's eyes

2 They have the dirt on Biden, and sounds like Clinton too. The vote will get Kamala to resign then the hammer drops on everyone

1 Is it a gambit? Hoping it puts enough pressure on electoral vote that they vote Trump? But what's the contingency if they vote Biden anyway?

4 The contingency is US!!!
He wants us there ARMED AND READY!
He can't cross the Rubicon alone!

0 Realistically, something needs to change before January 6. Wisconsin, Georgia and Arizona are most realistic in terms of decertifying and forcing a contingent election.
